ONE METHOD FOR IMPROVEMENT.

In studying for a method to improve the business outlook of Ormsby county the Carson Tribune has arrived at the conclusion that greater care should be taken in the selection of men to represent that county in the legislative halls of the State. It says:

In this remark it is not intended to cast any aspersion on those who have heretofore represented Ormsby county, for with pride it may be said that honorable gentlemen have been selected for such positions, but there is oft times needed men of persistency and thorough knowledge of legislative proceedings in order that the best interests of a particular locality may be subserved; a sort of dash and certain amount of bravado is as necessary as honesty of purpose; the tenacity of the bull dog added to the craftiness of the fox.

And this causes the Tribune to remark:

This has been proven in the case of a sister county that has gobbled up all the fat things while Ormsby has had to be contented with the crumbs that may have fallen from the table of the more persistent legislator.

The Gazette comments as follows:

Washoe county may take the above as a compliment. In 1881 she got away with the Asylum plum, and in 1885 with the University, and in 1887 will be on the alert for something else. We shall not flout the red handkerchief in the face of our Ormsby friends. What Washoe has secured has been honorably obtained. When a local issue has arisen we have been represented by men who have fairly stood by our rights. They have, as a rule, been men among the leaders, and did much to shape the policy of the State. We are of those who believe that service to the State is paramount to local service; that in selecting legislators we should select men of experience, breadth of views and able to comprehend the best interests and needs of the State. Such men could protect local interests in serving the greater.

Inexorable Blundering.

The Marysville Appeal says:

Land Commissioner Sparks is a duisy of a reformer. Nearly 7,000 land patents made out since he came into office will have to be rewritten and the records of the office made over to correct errors in dates. Twenty-nine thousand claims in which final proof had been made were suspended by the arbitrary order of April 3d. He doesn't seem able to do anything in a straightforward manner.

Commissioner Sparks is in no wise to blame for the error of which the Appeal complains. The patents were made out under the Administration of his predecessor, and contained an error in the date which called for their cancellation. The claims in which final proof had been made and which were suspended, was to ascertain if they were just or fraudulent. Mr. Sparks has shown himself to be a model officer for the Land Office. He is evidently determined to protect the public lands against railroads and rings, and to save as much as possible for those who expect Uncle Sam to provide a farm for them. The Commissioner is an honest man, and his administration of the affairs of the office will be in the interest of the people. He may make mistakes, but they will be of the head and not of the heart.

Extension of the California and Oregon Railroad.

It is stated, on good authority, that orders have been issued by the Central Pacific Railroad Company to engineers and bridge-builders to proceed with the immediate extension of the California and Oregon Railroad. The gap on this side is about 125 miles. Some sections of the road are estimated to cost over \$100,000 a mile to construct. It is further stated that the Central Pacific Company have been induced to complete this road in order to recover at least a portion of the Portland and Northwest trade, which California lost through the opening of the Northern Pacific.

TOWN AND COUNTRY.

BREVITIES

The weather still continues hot.
D. A. Bender and D. L. Bliss returned to Carson yesterday afternoon.

There will be a meeting of the Directors of the State Agricultural Society to-day.

The last of the tax list is published this morning. It will appear in full in the Weekly JOURNAL, published Saturday.

The man who died at the Montgomery House, on Mission street, Wednesday night of last week, has been identified as J. A. Hill, a merchant of Humboldt, Nevada.

Efforts are being made to induce the C. P. R. R. to give a rate on hay that will permit Reno to compete with Livermore for the trade of Grass Valley and Nevada City.

Supt. Yerington, of the V. & T. R. R., accompanied D. O. Mills out on the road as far as Winnemucca yesterday, returning to Reno last night. He will go home to Carson this morning.

J. E. Dealy has no idea of giving up the Lake House, and on the contrary, has done so well with it that he has renewed the lease for another year, and will be as glad as of yore to meet old friends and make new ones.

I. Lewin, the proprietor of the "Boss" cleaning and dying establishment at No. 40 Commercial Row, is now prepared to make an old suit look as good as new for the moderate price of \$2 50. Give him a trial.

William Sullivan, agent for J. B. Haggis, of San Francisco, was in town Monday evening, in quest of Nevada timothy hay for Mr. Haggis's stable of thoroughbred horses. William Henry will try to fill the order with hay grown on the Truckee Meadows.

STEWART FOR SENATOR.

The Eureka Sentinel says:
The Reno Gazette states that ex-Senator Wm. M. Stewart is going to return to Nevada with a view of entering the Senatorial contest next year. We hope it is so. If the Republicans have determined to foist a non-resident upon us let it be Bill Stewart. He did an hundred fold more for Nevada during his twelve-year term than all the rest of our Senators combined. Stewart had both industry and ability. Nye had the latter but not the former. The rest have had neither.

FITS FOR TRAVELERS.

The Carson Appeal says:
The highway in Washoe county, between Carson and Bowers' Munson, is a disgrace to the County Commissioners of that county. Between Ross Lewers' and Dahl's ranches is an old broken down bridge, with the holes of the bridge covered by branches of willows. On Sunday the writer in attempting to drive over the bridge had a narrow escape from a broken neck. The horse went down through the holes, and finally the horse, carriage and occupants went off into the stream. The day before three wagons went through the bridge with considerable damage. The place is a regular death-trap, and will certainly cost Washoe county damages in the Courts.

Something New.

Philadelphia lager beer at J. J. Becker's Chicago saloon, where to-day an extra fine lunch will be set out. This beer has the reputation of being the best on the coast. Drop in and sample it.

Married.

Brewster Coffin and Minnie Gibbs were married last evening and departed on a trip to California. The young folks have made a good start and the JOURNAL wishes them all the blessings of wedded life. May they live long and prosper.

It is now considered certain that the Irish party will have 87 seats in the new Parliament. Wonderful confidence reigns in Ireland, and the meetings of the Land League reach huge proportions. The members of the Parliamentary party are everywhere enthusiastic, and the conviction is becoming general that the end of the struggle is near.

WASHOE TAX LIST.

The names of the taxpayers and the total valuation upon which said taxpayers pay taxes, appearing in the assessment roll of the county of Washoe, State of Nevada, for the year 1885:
